To whom it may concern,

My name is William Maldonado Morales, and this is a reply to the objection regarding my claim number 179488. I hereby establish the reasons why the court should not sustain the Omnibus Objection in relation to my claim. My claim was not submitted on time for various reasons. During the time that the notices were sent in 2017, 2018, 2019 and 2020, many events took place, including Hurricane Maria on September 20, 2017. During those first weeks we didn't have any communication, or only limited communication, both telephonically and by mail. Some weeks after Hurricane Maria, our eldest daughter got us to go to live with her in Texas while the crisis

improved after Hurricane Maria in Puerto Rico, since we didn't have water, electricity and food in the supermarkets was scarce. We were with her until May 2018. When we returned to Puerto Rico, we still didn't have electricity and the water was cut off several times throughout the week. We lived in the countryside. Meanwhile, we had to depend on family members that did have electricity and water to be able to cook, wash clothes and other essential needs. The post office in the town of Peñuelas was closed for a long time and upon returning from Texas we had many letters, but we had other priorities at that time, aside from receiving help after more than 9 months without electricity and helping in the community. After Hurricane Maria there were tremors in the South of Puerto Rico where we were terrified for months as for many months after the earthquake on December 29, 2019, there were tremors every day. Many family members and friends were affected and could not return to their homes, our church was closed, and we stayed at other relatives' homes throughout the tremors. The distress from what was happening and the anxiety level was very high. And as a result of those tremors we then had unstable electricity again for a long time. In our town, a camp was set up at the athletics track because we were scared to return to our homes. Again, our priority was our wellbeing and the wellbeing of our family members and friends in the community. And in 2020 COVID came, where we were literally locked down in quarantine for months, which has been another difficult crisis to go through since we have lost many family members, friends, neighbors and church companions. I hope you can take these events into consideration and approve my claim.
